

United States of America
Department of Transportation Federal Aviation Administration
Supplemental Type Certificate

Number SR02043SE

This certificate, issued to **Aerometals**
3920 Sandstone Dr.
El Dorado Hills, CA 95762

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 27 of the Federal Aviation Regulations.

Original Product—Type Certificate Number: H3WE*
Make: *See Continuation Page for model eligibility
Model: --

Description of the Type Design Change: Fabrication of Aerometals, LLC, Transmission Oil Seals in accordance with Master Drawing List Aero-MDL-004, dated November 9, 2009, or later FAA-approved revision; and installation in accordance with the corresponding Aerometals Installation Instructions, as referenced on the continuation page.

Limitations and Conditions: Approval of this change in type design applies to the aircraft listed above only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the relationship between this change and any of the other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft.

A copy of this certificate, the continuation sheet, and the appropriate Installation Instructions must be maintained as part of the permanent records of the modified aircraft.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

(See Continuation Page 3 of 3)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: May 11, 2009

Date reissued: February 8, 2011

Date of issuance: December 18, 2009

Date amended:

By direction of the Administrator
